Since the beginning of time people have enjoyed sleeping outdoors under the stars. Whether you are on an expedition that will have you sleeping outside in rough terrain and weather, or whether you are camping in the back yard with your kids, you'll need an appropriate camping tent.

Camping tents are available in a range of sizes, and are rated for a variety of weather and camping experiences, from tents that are perfect for family camping, to more sophisticated tents geared to extreme camping.

Picnic Tent is a unique seating suitable to every group outing which will provide great new entertainment option for your group. These tents offer great space usually used for recreational activities and is best suited for picnic purpose. Different shapes and sizes are also available.

We have bulk varieties of tents to sell. There are many styles to choose, like camping tents, beach tents, mountaineering tents and so on. Please kindly check our website for online info. We manufacture both self operating and conventional manual tents. Our camping tents are insects preventive, portable and light weight. We guarantee reliable quality and competitive price.

We produce all kinds of Tarpaulins made out of either 100% cotton grey/waterproof/fire retardant canvas, PE laminated fabric or PVC coated fabric. These tarpaulins are used in the fields for storage cover, camping, pool cover, truck cover and more.

Available in all sizes, colors and qualities with standard Brass, Steel or Aluminium Eyelets.

Waterproof Canvas Tarpaulin

PE Tarpaulin

PVC Tarpaulin

USAGE

Tarpaulin for Storage:

It protects valuable commodities, food grains, cotton, fertilizer & chemical from dampness. Strong and sturdy, it takes care of your valuable goods just like a weather proof second skin.

Tarpaulin for Transport:

Extra strong Tarpaulin protects valuable cargo during transportation by road, rail or ship from rain and hot winds. It ensures that the cargo is safe and intact. Perfect for covering tools, equipment, machinery, grain, hay, firewood and cargo.

Tarpaulin for Outdoors:

High tech Tarpaulin is ideal for picnics & outdoor functions. Trekkers, campers and holiday makers will find a trustworthy friend in our Tarpaulin, because it is ideal for shelter against sun and rain.

Covers:

We know that being on the road isn't an easy life. That's why we manufacture everything you need to keep your cargo clean and dry. No matter what season you are traveling in, our custom fit truck covers will keep out the elements, while keeping your vehicle as sleek and attractive as possible. Our tarpaulins will provide ultimate safety for your assets.

Groundsheets

To give your tent additional protection from the elements or to replace worn out ones, we have a wide range of groundsheet that come in various sizes and can be of Woven polyethylene, dyed and water proof cotton canvas or PVC coated fabric to fit most tents. As an added extra, each comes in its own bag which will help it dry out properly without smelling or eroding.

High Visibility Vest is made from 100% Polyester fabric fastened at the front with Velcro tape. The colour is either fluorescent yellow or orange (very loud yellow and orange) and the strips are EN471 certified silver retroreflective tape.

Basically, the higher the visibility, the more suitable it is for higher speed roads.

There are number of different types of hi-viz vests and each one is only suitable for certain types of road/environment. Details alongwith pictures are as follows:

Paramount Tarpaulin Industries has been a leading supplier of Prefabricated Semi Permanent Schools/Homes during the indo-pak earthquake in 2005. We undertake major housing projects around the country for supply and fixing of these buildings systems. These structures have been introduced in Pakistan by us considering the need for the modern, handy, cost effective and durable way of building small, medium and even big shelter houses, sheds and buildings.

Skid mounted foundations:

Rigid metal section "C" channel or "I" section with minimum profile of 3"x6" and tensile strength of 40000 PSI minimum. With stress members and connectors to with stand shocks up to 8.5 Richter. All members bolted with high tensile bolts, ring washers on both sides. Anchor rods provided with the skid mounts.

Raised flooring:

Raised flooring of fire resistant, non-corrosive, non-skid (matte finish) and high density material. Placed over steel frame of 1.5"x3 rectangular section of 40000psi, coated with red oxide or other rust proof applicent. Floor material is fire resistant, non-corrosive matte finish, non-skid material. with ramps at the door ways for disabled children

Frame

Iron frame minimum size 2"x4" rectangular section, with bracing. Bolted and strapped.

Roof

Material water resistant, snow proof, load bearing and weather resistant finish. False ceiling of fire resistant mineral fiber material.

External Walls

Material water resistant, snow proof and weather resistant finish. Folded plate GI sheet of minimum 26 CWG, riveted or screw fastened to the vertical members and bracing.

Inner Walls

Material to be fire resistant, smooth and durable. Paint or natural finish to be long lasting, cleanable and lead free material. Dry board or equivalent.

Electrical Works

All electrical works to be concealed in GALCO PVC pipes or equivalent. All cable to be Pakistan cables of equivalent as approved by save the children. 4 double rod covered Flore cent tube lights including but not limited to DB, with Tehino or Mitsubishi CBs of 5 amp.

Insulation

Material to be non-decaying and concealed in fire resistant cladding.

Doors

Flush doors with steel/Aluminum cladding on both sides, fixed in steel/ Aluminum frame. Aluminum section to be 1.6mm of Pakistan cables. All doors to open on the outside. With ramp for disabled access and metal handrail for support.

Windows

Made of 1.6mm Aluminum as manufactured by Pakistan cables, anodized brown/champagne color. Double paned, sliding, fly proofing and with complete felt and rubber gaskets. Glass to be imported brown tinted 5mm thickness.

- Suitable for emergency and post emergency use.
- Protects dignity and promotes good hygiene.
- UV resistant, corrugated, one panel construction.
- Strong, private to use, easy to clean, easy to erect.
- Delivered in flat pack, includes squatting plates.
